# XPENG G9L

## The New Intelligent Class

## The New Intelligent Class

### DLP Matrix Headlights

Personalised light projections and intelligent anti glare lighting for enhanced visibility.

### Dual-Through Light Blade Design

Flowing sequential lights create a seamless, elegant lighting signature.

### Intelligent Vacuum Door

Effortless door closing with intelligent vacuum assisted technology for a seamless and refined experience.

### Integrated Hidden Power Side Step

The hidden side step extends automatically as welcome lights illuminate upon unlocking.

## Rear-Wheel Steering Standard

A turning radius of less than 5.5 m delivers exceptional agility and effortless manoeuvrability, even in tight spaces.

## Space for All. Style for You.

★ Premium Cockpit Package Edition

### Mega Three-row. Ultra-Luxurious.

Multi-point support designed by AI to adapt to your body.

Adjustable zero-gravity seating delivers a relaxed.

Premium Nappa leather with LWG certification, skin-friendly touch.

### Expansive Space

6-seat configurations to suit every journey.

Room for more than expected for your travel essentials.

Front storage compartment, offer extra space.

LWG certification applies to the leather manufacturing process and its environmental standards.

## XPILOT Assist

### Intelligent Parking

360° camera with transparant chassis, auto-parking, remote parking, reversing assist and remote vehicle summonfor effortless manoeuvring in tight spaces.

### Assisted Driving

Powered by the XPENG Turing XP5 chip and 33 perception hardware units for precise performance in diverse lighting conditions.

### Assisted Safety

14 active safety functions proactively intervene to deliver real-time, all-round protection.

## Intelligent Cockpit

### "Hey XPENG" Six-Zone Voice Interaction

Supports various voice-controlled vehicle functions

### Integrated "Google Maps"

Self-developed map interface, powered by Google Maps

### 88-Inch AR-HUD

Reveal more detailed navigation and information (customable)

### Phone-Car Connectivity

Native Apple CarPlay & Android Auto

## Effortless Living

Rear control touch screen

12,5L Extra-large refrigerator

21,4" Rear entertainment screen

Gentle breeze Air Conditioning

Luxury 23-speaker sound system

## Engineered for Global Five-Star Safety Standards

- **9 Safety Airbags**
  Comprehensive occupant protection in the event of a collision.
- **14 Active Safety Functions**
  14 integrated functions provide proactive protection.
- **Advanced Passive Safety Protection**
  Reinforced body structure, validated through 720° safety testing.
- **Advanced Stability & Braking Control**
  Designed to help maintain vehicle stability in heavy rain and tire blowouts.
- **113 Safety Tests Across Four Global Standards**
  Engineered in alignment with four global safety assessment programs.

## 5C Battery : Ultra Fast Charging

- **NEDC Range Up To 648 KM**
  Long distance travel with confidence on a single charge
- **Next Gen 5C Battery, 10%-80% in 12 Minutes**
  Ultra-fast charging keeps you moving with minimal downtime.
- **Maximum DC Charging Peak Power Up To 540***
  Powered by an 800V high-voltage platform for high-power charging.
- **Acceleration (0–100 km/h) in 4.9 Seconds**
  Effortless acceleration delivers smooth, responsive performance.

## Color That Define Your Presence

Waving Green

| Power Side Steps (illuminated) | ● |
| Driver / Passenger Adaptive Side Bolster Support | ● |
| Driver / Passenger Adjustable Shoulder Support | ● |

*Specifications available exclusively with the Premium Cockpit Package.

1. The vehicle configuration information is only applicable to the corresponding models produced within a certain production month, and the vehicle configuration information produced during different production months might be different. The battery range and charging time are for reference only, and vary depending on the actual circumstances. The configuration table is only for reference, and the actual situation should be based on the actual vehicles sold by the sales store. XPENG has the right to explain and reserve the right to change technical parameters, configuration and other product information within the scope enforced by laws and regulations.
2. Unless otherwise noted, the performance data in the table are tested under standard configuration.
3. XPILOT intelligent driving system is a driving assistance function and cannot cope with all traffic, weather and road conditions. The driver must always pay attention to observe the current traffic situation. If the automatic assist driving system fails to provide proper steering assistance or maintain proper distance and speed, the driver must actively intervene. Please read all information about XPILOT in the driver manual to better understand the limitations of this system. The driver should be aware of these restrictions before using XPILOT. Please be cautious during complex and changeable traffic conditions, icy and snowy roads, wet and slippery weather, stagnant or muddy roads, poor visibility, rugged mountain roads, or highway exits.
4. The acceleration data is obtained through tests and the actual 0-100 acceleration capability may vary due to different driving skills, remaining capacities, battery temperatures, road conditions, etc.
5. The actual range may differ from the calculated WLTP range, depending on the driver's driving style, speed, number of occupants, vehicle load, outdoor temperature, air conditioner use, terrain, vehicle condition, etc.
6. Actual DC charging time may vary depending on a variety of factors, including vehicle condition, ambient temperature, the initial state of charge, battery condition, and charger type.
